KEEP THE CREW SAFE

What stays **out** of the bag

-  **Propane cylinders**
even "empty" ones still hold gas

they start fires in the haul
-  **Motor oil, fuel, or their cans**
-  **Car / RV batteries**
lead-acid goes to recycling
-  **Hot coals or ashes**
let them sit cold 48 hours
-  **Needles or sharps**
use a sealed sharps box
